Teacher Instructions (Grades 3-6)

Your classroom was selected to participate in your school district’s administration of the California Healthy Kids Survey (CHKS). Your primary contact for any questions about the survey and its procedures is your school and/or district coordinator.

STEP #1 — OBTAIN PARENTAL CONSENT

Positive Permission is Required. Only those students with signed written permission from a parent/guardian can participate. Consent forms are very important. You should:

» Follow your district’s process for sending, receiving, and tracking consent forms.

» If appropriate, regularly remind students to return consent forms.

» Follow-up with non-responding parents to encourage return of consent forms.

» Inform your school coordinator if the consent return rate is less than 50% within one week of the scheduled administration date.

STEP #2 — PREPARE FOR SURVEY

To be fully prepared to administer the survey, review the following issues:

» Survey Materials. At least two or three days before the survey, you should receive the URL for online survey administration.

» Answer Student Questions. Students may have questions about their participation in the survey. Your school or district coordinator should have made preparations on how to answer these questions or provide referrals to other people or programs. Be sure you have been informed of these arrangements.

STEP #3 — SET UP ROOM ENVIRONMENT

» Identify Eligible Students (verify consent). Collect remaining consent forms, identify and separate those students whose parents/guardians provided permission for them to participate.

» Seat participating students so their responses can’t be observed by another student or adult.

» Provide class work or activities for students who will not be participating. They do not have to be removed from the classroom.

If you are also proctoring the survey, please read the Proctor Instructions.

STEP #1 — TRACK PARENTAL REFUSALS

It is very important that you do not survey any student whose parents/guardians denied their child’s participation. Follow your district’s process for sending, receiving, and tracking consent forms. You should regularly communicate with your school coordinator to track parental refusals.
